Chandigarh, Punjab -160030, India

OBJECTIVE

Aspiring Software Development Engineer eager to contribute technical expertise in designing, developing, and optimizing software solutions. Committed to solving complex problems and delivering high-quality, scalable applications that create real-world impact.

EDUCATION

- Chandigarh University** August 2022 - Present
Bachelors in Computer Science
Mohali, Punjab
 - CGPA: 7.92/10
- Kendriya Vidyalaya, AFS Avadi Chennai** 2019-2020
Primary Education
Avadi, Chennai
 - Percentage: 89.8
- Kendriya Vidyalaya, AFS Avadi Chennai** 2021-2022
Secondary Education
Avadi, Chennai
 - Percentage: 91.2

PROJECTS

- Employee Management System** December 2024
Tools: Node.js, React.js, HTML, Tailwind CSS, Express.js
 - Developed a task allocation system using React.js, JavaScript, HTML, and Tailwind CSS, enabling streamlined employee task management.
 - Implemented a dashboard for managers to view existing tasks and their statuses (ongoing, completed, failed, etc.) for better decision-making.
 - Designed an interactive task assignment feature, allowing managers to assign tasks while employees can accept or reject tasks with valid reasons
 - Enhanced user experience with responsive and intuitive UI ensuring seamless interaction between managers and employees.
- The NewsApp** August 2024
Tools: HTML, CSS, JavaScript
 - Developed a real-time news web application using HTML, CSS, and JavaScript, integrating NewsAPI.org for live updates.
 - Implemented category-based filtering, allowing users to select and read news on topics of interest.
 - Added a dynamic search functionality that enables users to find news articles by keywords, ensuring quick access to relevant and latest updates.
 - Designed a responsive UI with a top navigation bar displaying trending news topics for better user engagement.

ACHIEVEMENTS

- Academic Excellence:** Received a merit-based Scholarship at Chandigarh University.
- Employability Profiling Test top scorer:** Ranked 37th out of 6000 in AMCAT examination held at Chandigarh University
- Quiz:** Secured the top position in an inter-school quiz competition, showcasing knowledge across various subjects.
- SSB Recommendation:** Got recommended by 32SSB Jalandhar for an Officer's entry into the Indian Army showcasing excellent leadership, team-building, and team-leading skills.

CERTIFICATIONS

- Oracle Certified: Oracle Cloud Infrastructure 2024 Generative AI Professional** Validates expertise in Oracle Cloud Infrastructure and Generative AI, covering AI models, ML workflows, and OCI services for AI-powered applications.
- C++ for Programmers:** Coursera - Gained proficiency in C++ through hands-on projects and advanced programming techniques.
- Responsive Web Design:** Coursera - Completed a course on HTML and CSS, focusing on building responsive websites.
- Data Structures:** FreeCodeCamp - Acquired in-depth knowledge of C++, algorithms, and data structures.
